

Wednesday - 13 December 1950

1. In company with Mr. Winslow of the Bureau of the Budget, I had a meeting with Chairman Murray of the House Civil Service Committee, and George Moore, Chief Clerk, in an attempt to have the Committee take action at this session on S. 2351 regarding dual compensation statutes. Chairman Murray is considering taking the necessary action to pass the bill and also urged that we secure a rider to the appropriation language which would give us temporary authority should he be unable to pass the necessary legislation at this session. I also contacted Congressman Mahon to request such a rider, which he suggests be initiated in the Senate.
